

We are designers, writers and printers—from Stortford-based agency Douglas—aiming to bring you a magazine-less-ordinary.

Full of all the good things to be found in our eclectic and beautiful town and beyond.

From fashion, food and lifestyle, to wellness and property, we'll be sharing our best finds and hidden gems with you and invite you to do the same. We're always on the lookout for new enterprises on the up and up, and existing institutions we can champion, to

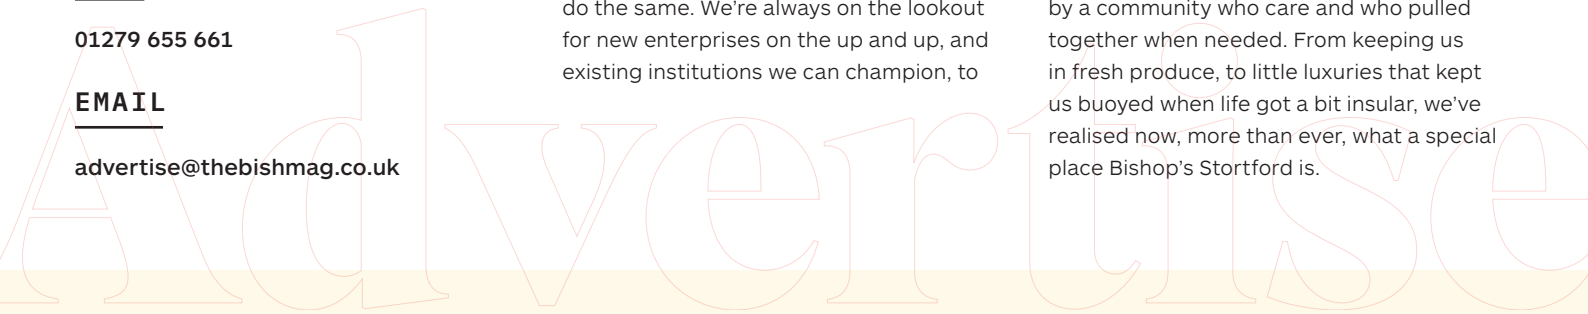

help the town we know and love continue to flourish. Especially now. If we've learnt one thing over the course of the pandemic, it's that we have everything we could possibly need on our doorstep, being served by a community who care and who pulled together when needed. From keeping us in fresh produce, to little luxuries that kept us buoyed when life got a bit insular, we've realised now, more than ever, what a special place Bishop's Stortford is.

ADVERTISE We want your advertisement to look the best it can be. We also want to make sure it's cohesive with the rest of The Bish—for your benefit and ours. As well as offering up relevant reading content, we're also making something of an aesthetic provision to readers. Something that will make them want to keep the magazine, and pick it up time and again—the goal for you as advertisers, and for us in cementing The Bish as a permanent fixture in local households. As designers, we are well-versed in the art of putting ads together, so along with your assets (logos, wordmarks etc) we'll create something that'll show you in your best light, while remaining in keeping with ours.
